[When I saw the Trump tweet first thing this morning...](#)

posted 58 minutes ago by [One-Man Riot](#) +127 / -0

I burst into tears. My rage at this attempted theft of our entire country boiled over. My hands still tremble for want of justice. I already know the streets of DC will not be able to hold the sea of patriots. I will be there. I will be armed. I will not obey any authority but the Commander in Chief. Law enforcement in the Capitol has chosen the wrong side. I will be campaigning to insist DC police stand down or face the consequences. This is OUR fucking country! Not the police's, not the lawmakers, not the judges. They have forgotten their role. They have forgotten their oaths. They will be sternly reminded.

I will not be at the steps of the Capitol Building. I will be at the FRONT FUCKING DOOR! Join me. Surround it. It belongs to us. We own it through blood and treasure. Any legislature that attempts to enter will face a personal accounting. They made me fear for my life and my future. They will now know that fear. We owe them nothing. They owe us everything.

This massive gathering of Americans should start with a 360 degree surrounding of the capitol building and spread outward. Nobody in or out without our permission. Don't be distracted by stages and speeches and events. We are past that. The Tree of Liberty is in desperate need of watering.

1000% support you, brother. Our very liberty is at stake here. If biden is allowed in, america will fall, and we will all become slaves. Any cop that tries to interfere, will have chosen their side, and will face the consequences. They will finally know the consequences of their oppression.

They have tunnels. Just so you know. Surrounding the capitol is good optics but chances are you won't see anyone as they'll be shuttled through tunnels.

At best, those tunnels lead to nearby office buildings, which will also be surrounded. They still have to get into the Capitol. Roads and bridges will be impassible. There will be no sneaking in or out on that day, friend.

Those tunnels run all over DC.

If TDW is known for anything it's research (and memes of course). Plats or other records identifying tunnel ingress and egress must exist. Hint, hint who can ID them first?

Yes I know. Very depressing. This tweet is the acknowledgement that the steal was successful.

Idk why the poll watchers didn't fight back. Every single one in every single one of these states allowed themselves to be kicked out. They went home to beddy by and did nothing. Our side is too nice and good. They don't follow rules or laws.

what makes me more and more angry is that Trump didn't actually drain the swamp. The FBI and CIA are entirely Obama's. It's another point of hypocrisy on the left when they talk about Trump running a shadow government from Mar-a-Lago. Obama's been doing it for 4 years in the DOJ. Trump knew this. He should have fired everybody regardless of whatever media storm came afterwards. It's how this has all been able to happen. If he had a DOJ there would have been boots on the ground on November 4th prosecuting all these criminals. It's so blatantly obvious I sometimes wonder if Trump is in on all this too and it's just another player. I sometimes wonder if Trump is in on all this too and it's just another player.

Would the coward who down voted Schroedet09's comment have the guts to step forward and explain your reasoning? Grrr!!!

I would hope that the truckers who promised a strike, which never happened, would show up on the 6th to surround and offer a layer of protection for WeThePeople.
